About our parties

We have 3 different flower parties available - Jam Jar, Dried flower crown or hand tied bouquet. To run these parties we will need at least 6 people with the maximum depending on space available.

A great way to get adults & children involved in creating something that they will be proud of! The perfect way to let their imaginations run wild with colours and textures whilst learning a new skill.

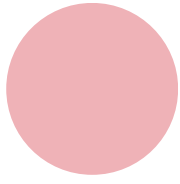

They also get to take their arrangement home and can be doubled up as a party gift/favour

Our parties are held in a relaxed and friendly environment at our workshop or in the comfort of your home or venue.

Please get in contact for available dates and times
